**Re: Notice of Completion of Proposed Permit
and Commencement of 45 Day EPA Comment Period
Title V Air Facility # 1289900011
Application ID # 1-2899-00011/00018
Photocircuits Corp., Glen Cove, New York**

Dear: Mr Riva,

This purpose of this notice is to alert your office that the NYSDEC has prepared a **Proposed** Title V permit for the above-noted facility. Pursuant to 6 NYCRR Part 201-6.4(c) we would like to commence the required 45 day EPA review period. The permit is available for your review on the New York State Air Facility System (AFS). If the EPA has any comments or objections to the permit being issued please forward them to myself at the above address.

If no comments are received from the EPA within 45 days of the date of this letter (**March 9th, 2007**) we will assume the EPA has no comments or objections and that the permit can be issued. If you have any questions or need any assistance retrieving the proposed permit from the system I can be reached at (516) 444-0361.

Sincerely,

Susan Ackerman

THIS IS NOT A PERMIT

ENVIRONMENTAL PROTECTION
AGENCY, REGION 1

2006 OCT 11 PM 12:13

New York State Department of Environmental Conservation Notice of Complete Application

Date: 10/05/2006

Applicant: AMERICAN PACIFIC FINANCIAL CORP
31 SEA CLIFF AVE
GLEN COVE, NY 11542

Facility: PHOTOCIRCUITS CORPORATION
31 SEA CLIFF AVE
GLEN COVE, NY 11542

Application ID: 1-2899-00011/00018

Permits(s) Applied for: 1 - Article 19 Air Title V Facility

Project is located: In MULTIPLE TOWNS in NASSAU COUNTY

Project Description:

The Department has prepared a Draft Permit and has made a tentative determination to approve this application for renewal of the Title V Facility Permit for Photocircuits Corporation in Glen Cove.

Photocircuits manufactures printed circuit boards. The Glen Cove plant is classified as a Title V facility due to emissions of Volatile Organic Compounds. Photocircuits uses several air pollution control technologies to control air emissions. These emission control devices include acid, caustic, and wet scrubbers, thermal oxidation, carbon filtration, and dust collection.

In accordance with 6NYCRR Parts 621.5(d)(9) and 201-6.4(c), the Administrator of the United States Environmental Protection Agency (USEPA) has the authority to bar issuance of any Title V Facility Permit if it is determined not to be in compliance with applicable requirements of the Clean Air Act or 6NYCRR Part 201.

Persons wishing to inspect the subject Title V files, including the application with all relevant supporting materials, the draft permit, and all other materials available to the DEC (the "permitting authority") that are relevant to this permitting decision should contact the DEC representative listed below. It is recommended that an appointment be made to confirm the availability of the subject files. The DEC will endeavor to make the files available within 2 business days of contact, during normal business hours (8:30 am through 4:45 pm), unless the requestor wishes to inspect the files at a later date.

DEC will evaluate the application and the comments received on it to determine whether to hold a public hearing. A public hearing may be legislative or adjudicatory. A legislative public hearing is a proceeding which provides an additional opportunity for public comment. DEC's determination to hold a legislative public hearing will be based on whether a significant degree of public interest exists. If a legislative public hearing is to be held, a Notice of Hearing will be published which will include the time and place of the hearing and submitting comments. The applicant and all persons who have filed comments on the permit will be notified by mail of the public hearing. Comments and requests for a legislative public hearing should be in writing and addressed to the Department representative listed below.

An adjudicatory public hearing is a trial type proceeding which provides the opportunity for adjudication on the basis of evidence, including direct testimony and cross examination. An adjudicatory hearing is held only if substantive and significant issues relating to any findings or determinations the Department is required to make pursuant to the Environmental Conservation Law exist. A copy of the Department's permit hearing procedures is available upon request or on the Department web site at:
<http://www.dec.state.ny.us/website/ohms/gudph1.htm>.

The Department has prepared a Draft Permit and has made a tentative determination to approve this application.

Availability of Application Documents:

Filed application documents, and Department draft permits where applicable, are available for inspection under the provisions of the Freedom of Information Law during normal business hours at the address of the contact person.

State Environmental Quality Review (SEQR) Determination

Project is not subject to SEQR because it is a Type II action.

SEQR Lead Agency None Designated

State Historic Preservation Act (SHPA) Determination

The proposed activity is not subject to review in accordance with SHPA. The permit type is exempt or the activity is being reviewed in accordance with federal historic preservation regulations.

Availability For Public Comment

THIS IS NOT A PERMIT

New York State Department of Environmental Conservation
Notice of Complete Application

Date: February 08, 2001

Applicant: PHOTOCIRCUITS CORP
31 SEA CLIFF AVE.
GLEN COVE, NY 11542-3629

Facility: PHOTOCIRCUITS CORPORATION
31 SEA CLIFF AVE
GLEN COVE, NY 11542

Application ID: 1-2899-00011/00018

Permits(s) Applied for: 1 - Article 19 Air Title V Facility

Project is located: in GLEN COVE in NASSAU COUNTY

Project Description:

The Department has drafted a permit pursuant to Article 19 (Air Pollution Control) of the Environmental Conservation Law and Title V of the Clean Air Act Amendments, and made a tentative decision to approve this permit for the above mentioned facility. Facility manufactures printed circuit boards used in computers, automobiles, phones, and a variety of other items. Air emissions from this facility are controlled in accordance with multiple State and Federal regulations. Facility uses several air pollution control technologies. These include acid, caustic, and wet scrubbers, thermal oxidation, carbon filtration, and dust collection. In accordance with 6 NYCRR Parts 621.6(d)(9) and 201-6.4(c), the Administrator of the US EPA has the authority to bar issuance of this permit if it is to be determined not to be in compliance with applicable requirements of the Clean Air Act or 6NYCRR Part 201.

The application, draft permit, relevant supporting materials and regulations are available for review during normal business hours at the DEC Region 1 Office, Building 40 SUNY, Stony Brook, NY. Comments of support or objection may be made by filling a written statement by the deadline indicated. DEC may schedule a public hearing based upon an evaluation of the nature and scope of any written objections raised. Hearing notices will contain instructions on filing for party status and submitting documents. In accordance with 6NYCRR Parts 621.5(d)(9) and 201-6.4(c), the Administrator of the United States Environmental Protection Agency (USEPA) has the authority to bar issuance of any Title 5 Facility Permit if it is determined not to be in compliance with applicable requirements of the Clean Air Act or 6NYCRR Part 201.

State Environmental Quality Review (SEQR) Determination

Project is not subject to SEQR because it is a Type II action.

SEQR Lead Agency None Designated

State Historic Preservation Act (SHPA) Determination

The proposed activity is not subject to review in accordance with SHPA. The permit type is exempt or the activity is being reviewed in accordance with federal historic preservation regulations.
